

MJFC Banner Instructions

****Congratulations on the milestone achievement for your child****

1. Collect crepe paper from the club you will need 4 packets of either brown or gold paper
2. Stick your message on the crepe paper and then the crepe paper onto the banner outer – hint if you stick the crepe paper onto the back of the banner outer it will come away easier when the kids run through it. Letter templates will be found at :
<https://www.modburyhawks.com.au/football/juniors/banners>
3. On game day you will need to add the 2 bottom joining pieces of the side poles into the sleeves on the side of your banner (these will be the thicker 2 poles) along with the 1 top joining pole which will join and slide into the top sleeve (this will be the thinner of the poles in the bag)
4. Have 2 adults hold the poles tight when the kids run through.
5. Once you have finished with the banner outer, please then remove all excess tape and crepe paper and all poles from the sleeves. Then carefully roll back up and place back into the bag as you received it, thank you.

Good luck!
